ABOUT ME

- Martial arts enthusiast 6 year(s)
- RPG aficionado 12 year(s)
- Drum player 4 year(s)

EDUCATION

📅 2020 - Ongoing 📍 Sapienza University of Rome, Italy

PhD Engineering in Computer Science

- **Research Group:** I am part of the [Ro.Co.Co.](#) lab at [DIAG](#) (Dipartimento di Ingegneria informatica, automatica e gestionale). My supervisor is [Luca Iocchi](#).
- **Research Visit at UvA:** I completed a 5 (03/2022 - 08/2022) month scientific visiting period at Amsterdam university under the supervision of Prof. [Raquel Fernández](#).
- **Thesis Supervision:** I have provided supervision for several Master's students in their thesis writing.
- **Research Visit at UBT:** I am currently enrolled in the University of Bayreuth as a Visiting Researcher for 6 months (04/2023 - 10/2023) under the supervision of Prof. [Daniel Buschek](#).

📅 2017 - 2020 📍 Sapienza University of Rome, Italy

M.Sc. of Engineering in Artificial Intelligence and Robotics GPA: 4/4 (110/110)

- **M.Sc. Thesis:** "Reinforcement Lupus: Cooperation through emergent communication in The Werewolf social deduction game", under supervision of Prof. [Luca Iocchi](#).
- **Erasmus Program:** I completed a 10 months (10/2019 - 08/2020) Erasmus program in the University of Groningen, Netherlands, under the supervision of Prof. [Davide Grossi](#).

📅 2014 - 2017 📍 Sapienza University of Rome, Italy

B.Sc. of Computer and Autonomous System Engineering GPA: 2.97/4 (101/110)

- **Internship :** I completed a 7 months internship (05/2017 - 01 /2018) in the [ALCOR Lab](#) under the supervision of [Luigi Freda](#) working on the [TRADR EU](#) project.
- **B.Sc. Thesis:** "Comparison Between Segmentation Methods", under supervision of Prof. [Fiora Pirri](#).

WORK EXPERIENCE

 10/2022 - 04/2023

 Middletown, 19709, USA (Remote)

Research Scientist at Basis Health

Conducted in-depth analysis of academic literature related to wearable data and health applications, with a focus on identifying cutting-edge solutions. Leveraged insights from research papers to drive innovation in industry applications. Collaborated with cross-functional teams to translate academic findings into practical approaches and techniques for data analysis, aiming to improve personal health outcomes.

 07/2020 - 09/2022

 Sapienza University of Rome, Italy

Teaching Assistant

I have held several teaching assistant positions, including for the courses *Tecniche di Programmazione* and *Seminars in Artificial Intelligence*. In these roles, I was responsible for leading discussions, providing support to students, grading assignments and exams, and facilitating a positive learning environment.

 07/2021 - 09/2021

 Sapienza University of Rome, Italy

Occasional professional services

I authored a technical report on "Multi-agent Model Based Reinforcement Learning", showcasing my expertise in this field and demonstrating my ability to effectively communicate technical concepts and results.

ACHIEVEMENTS, GRANTS AND AWARDS

 2023 - Recipient of scholarship for "Future of AI" Summit in Aachen .

 2023 - Awarded TAILOR Connectivity fund.

 2023 - Awarded DSC 2023 Research Engineering Support Grant at University Van Amsterdam.

 2022 - Recipient of scholarship for Representation mediated Multimodality training school.

 2021 - Recipient of research scholarship (bando per avvio di ricerca) at Sapienza University of Rome, Italy.

 2021 - Spotlight paper in Adaptive and Learning Agents Workshop [ALA21] at AAMAS.

 2020 - First classified for Ph.D. scholarship at Sapienza University of Rome, Italy.

PEER REVIEW

2023 **Journal:** AI Communications

2023 **EACL:** The 17th Conference of the European Chapter of the Association for Computational Linguistics

2022 **CSAE:** The 6th International Conference on Computer Science and Application Engineering

2022 **Emergent Communication Workshop:** International Conference on Learning Representations [ICLR]

CONFERENCES, SUMMER SCHOOLS & WORKSHOPS

07/2023 Attendee at **ESSAI:** European Summer School on Artificial Intelligence 

07/2023 Organizer at **AI-Mind Workshop at ESSAI:** R2Net AI Research & Mental Well-Being Workshop 

06/2023 Student Volunteer at **HHAI2023:** Conference on Hybrid Human-Artificial Intelligence 

05/2023 Attendee at **AILC:** Lecture in Computational Linguistics 

01/2023 Attendee at **ALiAS:** Amsterdam Lectures in Artificial Intelligence and Society 

- 12/2022 Organizer at **Weights and biases Workshop:** Workshop at Sapienza University
- 10/2022 Attendee at **NVIDIA Workshop:** Building Transformer-Based Natural Language Processing Applications
- 09/2022 Attendee at **Training School:** Representation mediated Multimodality 
- 09/2022 Local Chair at **AI4UAM:** Artificial Intelligence for Urban Air Mobility 
- 05/2022 Speaker at **Alhub:** New voices in AI 
- 05/2022 Speaker at **Lightning Talks:** CLAIRE Rising Researchers Network 
- 01/2022 Attendee at **Winter School:** DeepHealth Winter School 
- 10/2021 Attendee at **ACAI:** The advanced course on AI on Human Centered AI 
- 04/2021 Attendee at **ALA:** Adaptive and Learning Agents Workshop at AAMAS 
- 01/2021 Speaker at **Sapienza University of Rome:** Machine Learning Seminars 

PROFESSIONAL EXPERIENCES

 11/2021 - 10/2023

 Sapienza University, Rome, Italy

PhD student representative

I serve as a liaison between the PhD student body and the administration, advocating for the needs and concerns of the students and working towards creating a positive and productive learning environment for all.

 06/2021 - 10/2023

 Sapienza University, Rome, Italy

Member of the Department Council, DIAG, Sapienza University

I play a vital role in shaping the direction and policies of the department. I collaborate with fellow council members and department faculty to address concerns, implement initiatives, and make decisions that support the success and growth of the department and its students.

 07/2021 - 07/2022

 Rotaract Club, Rome, Italy

Save Your Life

I coordinated the [Save Your Life project](#), which aimed to raise awareness about breast cancer prevention. I created and launched a website providing information on breast cancer prevention, early detection, and specialized treatment centers. Working closely with Professor Oreste Claudio Buonomo, the project developed a comprehensive campaign that included public events, educational materials, and social media outreach to encourage women to take steps to prevent breast cancer.

 11/2021 - 05/2022

 Rotary Club, Rome, Italy

Virgilio Project: Mentoring for Young Entrepreneurs and Start-ups

Participated in the Virgilio Project, a mentorship program aimed at supporting young entrepreneurs and start-ups in their early stages of development. As a mentee, I received guidance and support from a volunteer mentor with expertise in marketing, management, and finance. The mentorship experience helped me to gain valuable insights into the world of entrepreneurship, and provided me with the skills and knowledge necessary to successfully start and grow a business.

 09/2017 - 06/2018

 Sapienza University, Rome, Italy

Internship at Alcor Lab

As an intern on the European research project [TRADR](#), I contributed to the project's goals by coding the communication structure between the robots. Additionally, my participation in the review meeting in Mestre, Italy allowed me to gain exposure to a highly organized and collaborative work environment. This experience has further developed my ability to work effectively in a group setting.

📅 12/2022 - Ongoing

📍 Online

Rising Researchers Network Kernel member

CLAIRE (Confederation of Laboratories for Artificial Intelligence Research in Europe) created a network for Ph.D. students interested in Artificial intelligence. After 10 months I got promoted to kernel member, the first line of contact between CLAIRE and our R2Net members.

📅 11/2021 - Ongoing

📍 Rome, Italy

Member of ADI association (Associazione dottorandi in Italia)

As a member of ADI association, I have volunteered to support fellow doctoral students across Italy. My contributions have included assisting with various initiatives and programs aimed at improving the experience of doctoral candidates.

📅 04/2018 - Ongoing

📍 Rome, Italy

Rotaract Club RTMM partner (socio)

As an active member of the Rotaract Club RTMM, a community-based organization, I work as an informatics consultant, helping to design and implement technology solutions to support our club's various initiatives. Rotaract is a global organization that provides an opportunity for young professionals to network, develop leadership skills, and engage in service projects that promote positive change in their communities. As a Rotaract partner (socio), I am committed to supporting the club's mission and contributing to its efforts to create a better world through volunteerism and social responsibility. For more information about our club and our work, please visit our [website](#).

📅 01/2022 - 12/2022

📍 Online

Rising Researchers Network member

CLAIRE (Confederation of Laboratories for Artificial Intelligence Research in Europe) created a network for Ph.D. students interested in Artificial intelligence. I joined the R2Net and helped organizing partnerships, social events and summer schools.

📅 03/2021 - 10/2022

📍 Rome, Italy

Erasmus Student Network [ESN] partner (socio)

As a member of the network, I contributed to the planning and coordination of various events while also serving as a liaison for incoming Erasmus students. Through my involvement with ESN, I gained valuable experience in event management and cross-cultural communication, and had the opportunity to meet students from all around the world.

📅 06/2017 - 06/2018

📍 Rotaract Club RTMM, Rome, Italy

President of the Internal Commission

During this 12 months period I was responsible for the internal coordination between members and the organization of social events.
